from Agenda

Arbitration

a worthwhile goal is not yet a warranted intervention

1 Uncertainty & Confidence

Is the agent's belief about the user's need confident enough?

PASS

FAIL → **LOW CONFIDENCE** — clarify or seek more information

2 Value vs. Cost

Does the expected value of acting outweigh the cost?

PASS

FAIL → **LOW NET VALUE** — suppress, defer or re-plan

3 Timing

When within the flow of events should the intervention occur?

PASS

FAIL → **BAD MOMENT** — wait or reschedule for a task boundary

4 Risk & Reversibility

Is the action safe enough given the chance of being wrong?

PASS

FAIL → **UNSAFE / UNAUTHORIZED** — safer fallback, approval, escalation or refusal

ALL FOUR PASS

licence to intervene
