
1 Awareness
continuously monitor the situation
Owner stressed
Groceries low
Dishwasher full
Meeting at 6 PM
Rain tonight
2 Anticipation
predict future needs and outcomes
Owner may work late
Groceries will run out
Dinner time approaching
Dishwasher will fill up
Rain expected tonight
3 Agenda
generate candidate goals to address gaps
Prepare dinner
Order groceries
Start dishwasher
Close windows before rain
Bring in laundry
5 Action
execute the chosen action appropriately
Preparing dinner
suggest · assist · execute
6 Adaptation
learn from outcomes and feedback
Update knowledge
Refine preferences
Calibrate thresholds
Improve actions
Adaptation updates every capacity
4 Arbitration
decide whether, when and how to act
✓ Enough confidence
✓ Worthwhile
✓ Good timing
✓ Safe & reversible
chosen
Prepare dinner now · others later
